

SUMMARY OF MEASUREMENTS

Date(s) of measurement: _____

How many measurements of the course were made? _____

Names of measurers: _____

How much of the road width is available to runners throughout the length of the road race course?

If the route at turns cannot be described as the 'shortest possible route', explain what restrictions will apply, and how these will be enforced?

Length of course after any adjustment: _____

Difference between longest and shortest measurement: _____

Which measurement was used to establish the final course length and WHY?
